

JUNE NEWS

Where did the school year go? It started out for all a bit different than it ended, and I wouldn't have changed a thing! I thoroughly enjoyed this year with the students.

Our field day is scheduled for this Wednesday, and the weather forecast looks great! If you are available to assist the school with setting up, supervising activities, or cleaning up, please let Wanda in the office know. Students will need to dress for participating in the activities in the out of doors – hat, closed toe & heel shoes, sunscreen if needed, and with a water bottle. We will return to the school for a barbecue, and then return to the high school for the 5th grade ceremony.

Our field trip on Thursday also looks like there will be perfect weather! Again, students will need to be dressed appropriately for hiking – closed toe & heel shoes for hiking, hat, layers, sun screen, water bottles, bag lunch and snack (unless requested for one from the cafeteria). We will be hiking at the Flume at 9:30, and taking the 12:15 tram to the top of Cannon. Chaperones will meet us at the Flume entrance. The State of NH is covering the cost for the students, but parents will need to pay their own admittance fee.

Our last day together will be Friday. It will be an early release at 12:30.

I have attached a summer reading program for the students. It is totally optional, but one I hope they will participate in.

It has been an absolute delight working with this class this year. Thank you for all of your support!

Ms. Hockmeyer

LITERACY

CFA: Types of Fiction

- Refer to details and examples in a text when explaining
- Compare and contrast the treatment of similar themes and topics, patterns of events, in stories, myths, and traditional literature from different cultures
- Write informative/explanatory texts to examine a topic and convey ideas and information clearly

MATH

CFA: Exploring Angles and Angle Measurement

- Describing, analyzing, and classifying lines, angles, and shapes
- Measuring angles
- Determining if a shape is symmetrical
- Helpful Tips for Parents are on our website

SOCIAL SKILLS

Focus Area:

Always showing our
EAGLE PRIDE
in the classroom, cafeteria,
playground, and hallways,
as well as QSR

TECHNOLOGY

Our class website has a lot of links to additional activities that children can do at home, as well as information for parents, especially on solving math. Our "Award Winning" movie and the behind the scenes movie are uploaded onto the site, too!
